- 3.1. We will ensure that all potential issues are captured and classified for escalation, review and action as required.
- 3.2. Any complaint, issue or negative customer interaction must be reduced to writing and must be logged and classified for action.
- 3.3. A third party acting on behalf of a complainant must deliver a certified or original consent or power of attorney to act on behalf of a complainant. Should such third party fail to deliver a consent or power of attorney, no further dealings will be pursued with such third party until the proper authority is obtained. The complaint will however be taken up directly with the complainant on whose behalf the complaint is made.

3.4. Risk

All complaints will be prioritised as follows:

3.4.1. **Risk 1 – routine complaints, potential low business impact. This requires a response to the customer within 15 working days.**

- Routine complaints have the potential of becoming serious or official complaints should they be disregarded or ignored by a financial services provider.

- The staff member logging the complaint should review the complaint and its priority with the Key Individual before proceeding to the next step.
- The Key Individual will decide on the appropriate person(s) to carry out subsequent steps, including the investigation

3.4.2. Risk 2 - urgent, serious business impact. This requires a response to the customer within 5-10 working days.

- Serious complaints are complaints logged on media platforms, received from legal advisors or immediately evidence contravention of legislation requirements such as failure to conduct a proper needs analysis.
- These complaints from the outset may cause reputational harm to a financial services provider and/or may cause financial loss to a customer.
- These complaints should ideally be handled by the Key Individual or suitable senior person delegated to the task by the Key Individual.
- Complaints from third parties and/or legal advisors will be responded to within 24 hours, acknowledging receipt of the complaint and further requesting authority to act on the complainants behalf such as a power of attorney or consent by the complainant to deal with the complaint on the complainant's behalf.
- No information will be divulged to a third party who does not have the proper authority to act on a complainant's behalf.

3.4.3. Risk 3 – urgent official complaints received from regulators e.g. FAIS Ombud. The regulator usually stipulates a response time of 30 days from receipt of the complaint.

- Official complaints should be handled by the Key Individual.
- The investigation of the complaint may be delegated to a suitable senior person selected by the Key Individual and the required draft response and attachments may be collated by such senior person.
- The Key Individual will be ultimately responsible for compiling the response to the regulator.
- The response to the Regulator should be made within the stipulated turn-around time.

3.5. Categorisation:

- Complaints will be categorised according to its nature, e.g. service, product related, features, performance, advice given etc.
- These categories are then narrowed down to its impact on customer. The impact of the complaint is measured by further categorising it according to the following TCF Outcomes:
 - **TCF Outcome 1** - These are complaints relating to the fair treatment of customers.
 - **TCF Outcome 2** – These are complaints relating to the **design of a product or service**. The categories which affect TCF outcome 2 would be product features and charges.

- **TCF Outcome 3** – These complaints relate to unsuitable or inaccurate, misleading, confusing or unclear **information provided to a customer** throughout the life cycle of a product. This could vary from advice, product information, information provided in advertising or marketing material about a product or service rendered etc. These disclosures would include the conflict of interest disclosures required by the General Code of Conduct of FAIS (Code); Section 4 and 5 of the Code or any other disclosure requirements in terms of the Code or any other legislation.
 - **TCF Outcome 4** – These are complaints which relate to the **advice given** to a customer by an advisor which was misleading, inappropriate and/or tainted with conflicts of interest which was not disclosed. Inappropriate advice given as a result of lack of knowledge, skill or experience on the part of the advisor of the product or service being rendered, would also be included here. The failure to conduct a needs analysis and to consider the customer's financial position, goals or life stage would also amount to a contravention of suitable advice requirements and any complaint in association herewith would fall into this category.
 - **TCF Outcome 5** – Complaints in this category pertain to **product performance and service related issues**. This would include complaints relating to customer's disappointment with limitations in a product or service performance of which they were unaware as well as the inability of a product to meet a customer's expectations. Complaints related to a product supplier's exercise of a right to terminate a product or amend its terms, would also be included in this category.
 - **TCF Outcome 6** – These complaints relate to **product accessibility, changes or switches, complaints** relating to complaints handling and complaints relating to claims would be categorised here.

- 6.3. The signed off resolution will then be discussed and reviewed with the complainant to ensure fairness and clarity and to further ensure that the resolution deals with the root cause of the complaint.
- 6.4. The review should include recognition and documentation of any underlying issues that have contributed to the complaint and recommendations for actions to prevent further occurrence.

7. Respond to Customer

- 7.1. The details of the findings and proposed resolution should be clearly explained (in written or verbal form as appropriate) to the customer- within the agreed timescales.
